Dear Director

CS Wind China Co., Ltd Response to Statement of Essential Facts 621

We write on behalf of CS Wind China Co., Ltd (“CS Wind China”) in relation to Continuation 621 (“the Inquiry”) and the abovementioned Statement of Essential Facts (“the SEF”), published on 16 October 2023.

CS Wind China welcomes the SEF’s proposed recommendation that the anti-dumping measures should expire from 16 April 2024.

Specifically, CS Wind China agrees with the SEF’s assessment that the Commissioner is not satisfied that expiration of the measures would lead, or would be likely to lead, to a continuation of, or a recurrence of, any material injury that the measure is intended to prevent. The SEF has correctly identified a range of factors significantly affecting the domestic industry’s ability to supply the fast-growing wind power market in Australia, including its lack of qualification and capability, which are unrelated to the subject goods covered by the current measure. CS Wind China considers the SEF’s finding in this respect to be objective, comprehensive, and well-reasoned.

The SEF has also correctly acknowledged that, CS Wind China has never engaged in any “dumping” of the subject goods to Australia.

As such, CS Wind China supports the SEF’s proposed recommendation that the anti-dumping measure should be allowed to expire on 16 April 2024.

Lodged for and on behalf of CS Wind China Co., Ltd

Yours sincerely
