

Public submission

Final public submission to the SEF

Dear commission

About the results of the anti-dumping investigation of Australia SMT2CE2.5 flat cable. Here is our brief statement:

1. We, Jiangsu Etern Electric Co.,Ltd, firstly produced Australian PVC Flat Cable in 2022. Due to the lack of experience, it had a high raw material loss in this kind flat cable production. Now we can [REDACTED] through equipment and technology improvement. Furthermore, Manufacturing costs [REDACTED] if the product is produced again in the future.

2. The Domestic SG&A cost [REDACTED] is high for Australian PVC Flat Cable. Because the domestic SG&A costs in the domestic market include promotion costs, advertising, travelling expenses, hospitality, training, testing, consultancy expense and other related service costs. However, In Australian market, when We export our Australian PVC Flat Cable to World Wire Cables (Aust) Pty Ltd., in this sales process, it only incur inland transport costs in the domestic SG&A and no any other costs. World Wire Cables (Aust) Pty Ltd. is responsible for sales promotion in the Australian market.

In summary, We, Jiangsu Etern Electric Co., Ltd., would like the Commission to use the cost data identified in column G of the worksheet "ADC revised SG&A listing"; The final calculated percentage of the Domestic SG&A [REDACTED] is reasonable.

It would be greatly appreciated if the commission could accept the [REDACTED]

Yours sincerely,

Co. :Jiangsu Etern Electric Co.,Ltd
