

ANTI-DUMPING NOTICE NO 2024/020

Customs Act 1901 (Cth) – Part XVB

Silicon metal

Exported from the People’s Republic of China

Expiry of anti-dumping measures

Notice under subsection 269ZHB(1) of the *Customs Act 1901 (Cth)*

I, Isolde Lueckenhausen, the Acting Commissioner of the Anti-Dumping Commission, in accordance with section 269ZHB(1) of the *Customs Act 1901 (Cth)* (the Act),¹ advise that the anti-dumping measures on silicon metal (the goods), exported to Australia from the People’s Republic of China (China), are due to expire.

The anti-dumping measures were initially imposed by public notice (a dumping notice and countervailing duty notice) on 3 June 2015 by the then Parliamentary Secretary to the Minister for Industry and Science following consideration of *Anti-Dumping Commission Report No 237*. The anti-dumping measures consist of a dumping duty notice and countervailing duty notice in relation to the goods exported to Australia from China.

The anti-dumping measures are due to **expire on 3 June 2025**.

Those persons specified in section 269ZHB(1)(b) of the Act are invited to apply for a continuation of the measures. The application must be in writing, be in the form approved for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. **Applications must be lodged by 10 June 2024.**

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

¹ All legislative references in this notice are to the *Customs Act 1901 (Cth)*.

If an application is received that complies with the prescribed requirements and a decision is taken to not reject that application, a notice will be published on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. In this case, an inquiry will be undertaken and a report with recommendations will be provided to the Minister within 155 days of publication of the notice advising the commencement of the inquiry (or such longer period as may be allowed in accordance with section 269ZHI of the Act).

If no application is received by 10 June 2024, the anti-dumping measures applying to silicon metal, exported to Australia from China, will expire on 3 June 2025. Therefore, on and from 4 June 2025, anti-dumping measures would no longer apply.

Copies of the approved application form and the accompanying guidelines are available at www.adcommission.gov.au.

Enquiries about this notice should be made to www.business.gov.au by phone on 13 28 46 or +61 2 6213 6000 (outside Australia) or by email at clientsupport@adcommission.gov.au.
