

# ANTI-DUMPING NOTICE NO 2024/046

*Customs Act 1901 (Cth) – Part XVB*

## Aluminium extrusions

### Exported from the People's Republic of China

### Expiry of anti-dumping measures

#### Notice under subsection 269ZHB(1) of the *Customs Act 1901 (Cth)*

I, Isolde Lueckenhausen, the acting Commissioner of the Anti-Dumping Commission, in accordance with section 269ZHB(1) of the *Customs Act 1901 (Cth)* (the Act),<sup>1</sup> advise that the anti-dumping measures on aluminium extrusions (the goods), exported to Australia from the People's Republic of China (China), are due to expire.

The anti-dumping measures were initially imposed by public notice on 28 October 2010 by the then Attorney General following consideration of the *Trade Measures Report No 148*. The measures were last continued in 2020 following consideration of *Anti-Dumping Commission Report No 543*.<sup>2</sup> The anti-dumping measures consist of a dumping duty notice and countervailing duty notice in relation to the goods exported to Australia from China.

The anti-dumping measures are due to **expire on 28 October 2025**.

Those persons specified in section 269ZHB(1)(b) of the Act are invited to apply for a continuation of the measures. The application must be in writing, be in the form approved by the Commissioner for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. **Applications must be lodged by 15 October 2024.**

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

---

<sup>1</sup> All legislative references in this notice are to the *Customs Act 1901 (Cth)*.

<sup>2</sup> Further details of the anti-dumping measures applying to certain aluminium extrusions exported from China can be found on the Dumping Commodity Register and the Anti-Dumping Commission's website.

If an application is received that complies with the prescribed requirements and a decision is taken to not reject that application, a notice will be published on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. In this case, an inquiry will be undertaken and a report with recommendations will be provided to the Minister within 155 days of publication of the notice advising the commencement of the inquiry (or such longer period as may be allowed in accordance with section 269ZHI of the Act).

If no application is received by 15 October 2024, the anti-dumping measures applying to Aluminium extrusions, exported to Australia from China, will expire on 28 October 2025. Therefore, on and from 29 October 2025, anti-dumping measures would no longer apply.

Copies of the approved application form and the accompanying guidelines are available at <https://www.industry.gov.au/anti-dumping-commission/apply-anti-dumping-or-countervailing-duties-measures>

Enquiries about this notice should be made to [www.business.gov.au](http://www.business.gov.au) by phone on 13 28 46 or +61 2 6213 6000 (outside Australia) or by email at [clientsupport@adcommission.gov.au](mailto:clientsupport@adcommission.gov.au).

Acting Commissioner  
Anti-Dumping Commission
