

*Customs Act 1901 - Part XV B*

# **Anti-Dumping Notice No 2026/031**

## **Certain Strata Steel Bolts - 659**

### **Exported from the People's Republic of China**

#### **Preliminary Affirmative Determination and Amendment to Securities**

On 23 December 2025, I, David Latina, the Commissioner of the Anti-Dumping Commission (Commissioner) made a preliminary affirmative determination (PAD)<sup>1</sup> under section 269TD(1) of the *Customs Act 1901* (Cth) (the Act) because I was satisfied that there appeared to be sufficient grounds for the publication of a dumping duty notice in relation to dumping of certain strata steel bolts (the goods) exported to Australia from the People's Republic of China (China). At that time, I was not satisfied that there appeared to be sufficient grounds to make a PAD in relation to a countervailing duty notice.

Subsequent to this, I published *Statement of Essential Facts No 659* (SEF 659) on 6 March 2026. As a result of the findings outlined in SEF 659, I remain satisfied that there appear to be sufficient grounds for the publication of a dumping duty notice and I am now satisfied that there appear to be sufficient grounds for the publication of a countervailing duty notice.

I also consider it necessary to revise the level of securities required and taken in respect of interim duties that may become payable to prevent material injury occurring to the Australian industry while the investigation continues. The revised level of securities will be taken in respect of any interim duty that may become payable on goods entered for home consumption in Australia on and from **7 March 2026**.

#### **Background**

On 19 December 2024, an investigation into alleged dumping and subsidisation of the goods exported to Australia from China was initiated following an application lodged by DSI Underground Australia Pty Ltd and Jennmar Australia Pty Ltd (collectively, the

---

<sup>1</sup> [Anti-Dumping Notice \(ADN\) No 2025/129](#)

applicants). Further details in relation to the consideration the application and initiation of this investigation can be found in Anti-Dumping Notice (ADN) No 2024/108.<sup>2</sup>

The goods the subject of the application (the goods) are:

*Certain strata reinforcing steel bolts, hollow, made from flat rolled steel, whether or not metallic coated (e.g. galvanised), whether or not containing alloys, with an outside diameter from 44 millimetres up to and including 48 millimetres, of a length from 2.2 metres up to and including 2.5 metres, of a base metal thickness from 2.8 millimetres up to and including 3.4 millimetres, whether or not including the welded ring.*

Further information regarding the goods the subject of the investigation can be found in *Consideration Report 659*<sup>3</sup> and ADN 2024/108.

The goods the subject of the application may be classified in Schedule 3 to the Customs Tariff Act 1995 for the following tariff classifications:

- 7304.51.00 (statistical code 30)
- 7308.40.00 (statistical code 05)
- 7318.15.00 (statistical codes 56, 65)
- 7318.24.00 (statistical code 22)
- 7318.19.00 (statistical codes 03, 19)

The tariff classifications and statistical codes may include goods that are both subject and not subject to this investigation. The listing of these tariff classifications and statistical codes is for reference only and does not form part of the goods description set out above. Interested parties should refer to the goods description for authoritative detail regarding the particulars of the goods the subject of this investigation.

### **Preliminary affirmative determination**

Based on the findings outlined in SEF 659, I have made a PAD under section 269TD(1) of the Act in relation to countervailable subsidisation of the goods exported to Australia from China.

I am **satisfied** that there appear to be sufficient grounds for the publication of a countervailing duty notice in respect of the goods exported to Australia from China, and that it is necessary to require and take securities in relation to exports from China to prevent material injury to the Australian industry occurring while the investigation continues.

## **Amendment to securities**

Based on further information received and considered, and the findings outlined in SEF 659, I am **satisfied** under section 269TD(4) of the Act that it is necessary for the Commonwealth to require and take securities under section 42 of the Act in respect of interim countervailing duties (ICD) that may become payable to prevent material injury to the Australian industry while the investigation continues (dumping securities).

I also consider it is necessary to revise the level of securities in respect of interim dumping duties (IDD) that may become payable (countervailing securities).

The revised level of securities will be taken in respect of any ICD and IDD that may become payable on goods entered for home consumption in Australia on and from **7 March 2026**. The revised securities specified in the following table will be taken as an amount worked out in accordance with the *ad valorem duty* method.

<b>Exporter</b>	<b>Dumping securities</b>	<b>Countervailing securities</b>	<b>Combined dumping and countervailing securities</b>
Anto	9.3%	14.0%	23.3%
Sandvik Jining	0%	14.3%	14.3%
Tanrimine	0%	10.5%	10.5%
All other exporters	17.7%	17.8%	35.5%

**Table 1: Revised securities applicable on and from 7 March 2026**

Affected parties should contact [clientsupport@adcommission.gov.au](mailto:clientsupport@adcommission.gov.au) on telephone number 13 28 46 or +61 2 6213 6000 (outside Australia) for further information regarding the actual security liability calculation in their circumstance.

I must report to the Minister for Industry and Innovation and Minister for Science (the Minister) with my final recommendations in relation to the investigation on or before 16 April 2026, unless the investigation is terminated earlier or an extension of time is granted to provide the final report.

Enquiries regarding this notice may be directed to the case manager via email to [investgations2@adcommission.gov.au](mailto:investgations2@adcommission.gov.au).
