AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that certain oil country tubular goods (OCTG) from the Republic of Korea (Korea) were not sold in the United States at prices below normal value. The period of review (POR) is September 1, 2023, through August 31, 2024. Interested parties are invited to comment on these preliminary results.

DATES: Applicable March 16, 2026.

FOR FURTHER INFORMATION CONTACT: Robert Hedberg, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0955.

SUPPLEMENTARY INFORMATION:

Background

These preliminary results are made in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this administrative review

on October 17, 2024.¹ On December 9, 2024, Commerce tolled certain deadlines in this administrative proceeding by 90 days.²

On August 8, 2025, in accordance with section 751(a)(3)(A) of the Act, Commerce extended the preliminary results of review until December 9, 2025.³ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁴ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁵ On February 10 and March 2, 2026, we extended the preliminary results of this review by an additional 13 days and seven days, respectively.⁶ Accordingly, the current deadline for the preliminary results of this review is March 9, 2026.

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁷ A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order⁸

The product covered by the *Order* is OCTG from Korea. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(2) of the Act. Commerce has calculated export prices and constructed export prices in accordance with sections 772(a) and (b) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Rate for Non-Selected Companies

The Act and Commerce's regulations do not address the rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation, for guidance when calculating the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available. Where the rates for the individually examined companies are zero, *de minimis*, or determined based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated . . ."

In this administrative review, Commerce preliminarily calculated weighted-average dumping margins of for each of the mandatory respondents, NEXTEEL and SeAH, of zero percent.

⁸ See *Certain Oil Country Tubular Goods from India, the Republic of Korea, Taiwan, the Republic of Turkey, and the Socialist Republic of Vietnam: Antidumping Duty Orders; and Certain Oil Country Tubular Goods from the Socialist Republic of Vietnam: Amended Final Determination of Sales at Less Than Fair Value*, 79 FR 53691 (September 10, 2014) (*Order*).

Accordingly, we have preliminarily determined, as a reasonable method, to continue to assign the estimated weighted-average dumping margins currently in effect to the non-selected companies subject to review or if rate is

de minimis the last above *de minimis* rate applied to the non-selected companies. For a full discussion of the rates for non-selected companies, see the Preliminary Decision Memorandum.

Preliminary Results of Review

Commerce preliminarily determines the following weighted-average dumping margins exist for the period September 1, 2023, through August 31, 2024:

NEXTEEL Co., Ltd	0.00

⁹ Commerce previously determined that Hyundai Steel Pipe Co., Ltd. is the successor-in-interest to Hyundai Steel Company and should receive the cash deposit rate previously assigned to Hyundai Steel Company. See *Circular Welded Non-Alloy Steel Pipe from the Republic of Korea; Certain Oil Country Tubular Goods From the Republic of Korea; Welded Line Pipe from the Republic of Korea; and Large Diameter Welded Pipe from the Republic of Korea: Notice of Final Results of Antidumping Duty Changed Circumstances Reviews*, 89 FR 89962 (November 14, 2024). Accordingly, we have not included Hyundai Steel Company in the rate chart above.

entries covered by this review.¹⁹ For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., greater than or equal to 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales to that importer, and we will instruct CBP to assess antidumping duties on all appropriate entries covered by this review. For entries of subject merchandise during the POR produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁰ Where the individually selected respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies which were not selected for individual review, we intend to assign an assessment rate based on the methodology described in the "Rates for Non-Examined Companies" section. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**.²¹ If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the

publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 5.24 percent, the all-others rate established in the LTFV investigation.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of the Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(2) and 19 CFR 351.221(b)(4).
