Customs Act 1901 – Part XV B

Exported from the Republic of Korea by

Nexteel Co., Ltd

Findings in relation to an Accelerated Review No 697 of Anti-Dumping Measures

Public Notice under section 269ZG(3) of the Customs Act 1901

The Commissioner of the Anti-Dumping Commission has completed the accelerated review, which commenced on 8 January 2026, of the anti-dumping measures applying to steel hollow structural sections (“the goods”) exported to Australia from the Republic of Korea (Korea) by Nexteel Co., Ltd (“the applicant”).

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in *Anti-Dumping Commission Report No 697 (REP 697)*.

I, TIM AYRES, the Minister for Industry and Innovation and Minister for Science, have considered REP 697 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts and law set out in REP 697.

Under section 269ZG(3) of the *Customs Act 1901* (the Act), I declare that, with effect from 8 January 2026, for the purposes of the Act and the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), the original dumping duty notice had applied to the applicant but the Minister had fixed specified different variable factors relevant to the determination of duty.

I determine, pursuant to section 8(5) of the Dumping Duty Act, that the interim dumping duty (IDD) payable on the goods exported to Australia from Korea by the applicant is an amount worked out in accordance with the floor price duty method as set out in sections 5(4) and 5(5) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.

Particulars of the dumping margin and rate of IDD are as detailed in the table below.

Exporter	Dumping margin	Effective rate of IDD	Duty method
Nexteel Co., Ltd	-9.4%	N/A	Floor price

IDD will be payable on the goods exported by the applicant only when the actual export price is below the floor price which is a specified (confidential) amount per metric tonne as per Confidential Table 1 to this notice.

Affected parties should contact the Anti-Dumping Commission on 13 28 46 or at clientsupport@adcommission.gov.au for further information regarding the actual duty liability calculation in their particular circumstance.

REP 697 has been placed on the public record, available at www.adcommission.gov.au. The public record may also be examined at the Anti-Dumping Commission office by contacting the case manager on the details provided below.
