▲ Financial grant

In 2020, the Shenzhen-listed firm Lomon Billions Group Co.,Ltd. (also known as BLL) disclosed in its stock exchange filings the receipt of approximately USD 17 million of government subsidies.

Lomon Billions Group Co.,Ltd. is a private company based in Jiaozuo, Henan Province.

In China it is a legal requirement that publicly-listed firms report any subsidies received from government bodies. The stated subsidy amounts refer to a given calendar year. It is possible that this firm received other forms of state aid that have not been declared.

The affected products and sectors have been chosen based on the "main products" and CSRC sector classification reported in the financial data of the firm. The subsidy amounts in USD were computed using the year-average exchange rate to the Chinese Yuan. The subsidy amount(s) reported here are the cash equivalents as estimated by the recipient firm.

A state act in the GTA database is assessed solely in terms of the extent to which its implementation affects the extent of discrimination against foreign commercial interests. On this metric, the state aid proposed here is discriminatory.
