

Customs Tariff (Anti-Dumping) Act 1975

Hot rolled coil steel

Exported to Australia from the People's Republic of China

Notice under section 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975*

I, TIM AYRES, Minister for Industry and Innovation and Minister for Science, having decided to issue a notice (the notice) pursuant to sections 269TG(1) and 269TG(2)¹ of the *Customs Act 1901* (the Act) in respect of hot rolled coil steel (the goods described in that notice (the goods)).

Consequently, I DETERMINE, pursuant to section 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim dumping duty (IDD) payable on the goods exported to Australia from China by:

- Baoshan Iron & Steel Co Ltd, Shanghai Meishan Iron & Steel Co Ltd and Baosteel Zhanjiang Iron & Steel Co Ltd are amounts worked out in accordance with the combination of fixed and variable duty method specified in regulations 5(2) and 5(3) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.
- Hunan Valin Lianyuan Iron & Steel Co Ltd and 'all other exporters' is an amount worked out in accordance with the *ad valorem duty method*, specified in regulation 5(7) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.

Pursuant to section 8(5B) and 8(5BA) of the Dumping Duty Act, I considered whether I had to have regard to the desirability of fixing a lesser amount of duty, also known as the lesser duty rule. I am satisfied that under section 8(5BAA) and 8(5BAAA) of the Dumping Duty Act, I am not required to have regard to the lesser duty rule because the normal value of the goods was not ascertained under section 269TAC(1) because of the operation of section 269TAC(2)(a)(ii).

Exemptions to the measures

I have accepted the recommendations of *Anti-Dumping Commission Report No 658* (REP 658) and have exempted certain subsets of the goods from the measures in accordance with sections 8(7)(a) and 10(8)(a) of the Dumping Duty Act. A copy of the exemption instrument detailing the exemption goods has been placed on the commission website (www.adcommission.gov.au).

Further information

If importers believe that goods they are importing are exempted from the duties in accordance with the exemption instrument, when they or their broker enter these goods for

¹ ADN No 2026/043.

home consumption via the Integrated Cargo System, the exemption category 'GOODS' should be selected and no interim dumping or interim countervailing duties will be applied to the shipment. Parties seeking a refund of the duties already paid should contact the commission's client support team on 13 28 46 or +61 2 6213 6000 or email clientsupport@adcommission.gov.au.

The decision to grant the exemption does not prevent further applications for exemptions from the duties being considered. Parties can apply for an exemption where they believe their goods satisfy any of the conditions for exemption detailed in sections 8(7) and 10(8) of the Dumping Duty Act. Further information on the application process can be found on the commission's website.

The exemptions granted as a result of this inquiry may be subject to review and I may revoke them if circumstances change.

Anti-Dumping Commission contact

Enquiries about this notice may be directed to the commission on 13 28 46 or +61 2 6213 6000 or by email at clientsupport@adcommission.gov.au.

This notice applies to the goods and like goods entered for home consumption as per my declaration in ADN 2026/043 under section 269TG of the Act and to which section 8 of the Dumping Duty Act applies.

Dated this 4th day of May 2026

TIM AYRES
Minister for Industry and Innovation and Minister for Science
