

## **ANTI-DUMPING NOTICE NO 2026/050**

*Customs Act 1901 – Part XVB*

### **Findings of Continuation Inquiry No 682 into anti-dumping measures applying to mill finish aluminium extrusions**

### **Exported from Malaysia by Kamco, LB Aluminium and Milleon**

***Public notice under section 269ZHG(1) of the Customs Act 1901 and public notice under section 8(5) of the Customs Tariff (Anti-Dumping) Act 1975***

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed an inquiry, which commenced on 26 June 2025, into whether the continuation of the anti-dumping measures applying to mill finish aluminium extrusions exported to Australia from Malaysia by Kamco Aluminium Sdn Bhd (Kamco), LB Aluminium Bhd (LB Aluminium) and Milleon Extruder Sdn Bhd (Milleon) is justified.

The Commissioner's recommendations resulting from the inquiry, reasons for the recommendations, and material findings of fact and law in relation to the inquiry are contained in *Anti-Dumping Commission Report No 682* (REP 682).

I, TIM AYRES, the Minister for Industry and Innovation and Minister for Science, have considered REP 682 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts and law therein.

Under section 269ZHG(1)(b) of the *Customs Act 1901* (the Act), I declare that I have decided to secure the continuation of the anti-dumping measures, in the form of a dumping duty notice, currently applying to mill finish aluminium extrusions exported to Australia from Malaysia by Kamco, LB Aluminium and Milleon.

I determine that:

- pursuant to section 269ZHG(4)(a)(ii) of the Act, the notice continues in force after 2 June 2026, but after that day, ceases to apply in relation to Kamco, and
- pursuant to section 269ZHG(4)(a)(iii) of the Act, the notice continues in force after 2 June 2026, but after that day, has effect as if different specified variable factors had been fixed in relation to LB Aluminium and Milleon.

In accordance with section 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975*, the interim dumping duty payable on mill finish extrusions exported to Australia from Malaysia by LB Aluminium is an amount worked out in accordance with the floor price duty method pursuant to sections 5(4) and 5(5) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.

Further, in accordance with sections 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975*, the interim dumping duty payable on mill finish extrusions exported to Australia from

Malaysia by Milleon is an amount worked out in accordance with the combination of fixed and variable duty method pursuant to sections 5(2) and 5(3) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.

Particulars of the effective rates of interim dumping duty applicable to exports of mill finish extrusions are set out in the following table.

Exporter	Duty method	Fixed rate of interim dumping duty
LB Aluminium	Floor price	0%
Milleon	Combination of fixed and variable duty method	3.4%

REP 682 has been placed on the public record and is available at [www.adcommission.gov.au](http://www.adcommission.gov.au).

Interested parties may seek a review of this decision by lodging an application with the Anti-Dumping Review Panel ([www.adreviewpanel.gov.au](http://www.adreviewpanel.gov.au)), in accordance with the requirements in Division 9 of Part XVB of the Act, within 30 days of the publication of this notice.
