I, David Latina, Commissioner of the Anti-Dumping Commission, in accordance with subsection 269ZHB(1) of the *Customs Act 1901 (Cth)* (the Act),<sup>1</sup> advise that the anti-dumping measures (the measures) on Hollow Structural Sections (the goods), exported to Australia from People’s Republic of China, Republic of Korea (South Korea), Malaysia and Taiwan, are due to **expire on 3 July 2027**.

The measures were initially imposed by public notice in the form of a dumping duty notice and countervailing duty notice on 3 July 2012, by the then Minister for Home Affairs following consideration of Anti-Dumping Commission Report No 177.<sup>2</sup>

The measures were last continued in 2022 following consideration of Anti-Dumping Commission Report No 590 by then, Minister for Industry and Science.<sup>3</sup>

<sup>3</sup> Further details of the measures can be found on the Dumping Commodity Register and the Anti-Dumping Commission’s website.

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.<sup>4</sup>

If an application is received that complies with the prescribed requirements and I decide not to reject that application, I will publish a notice on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. I will undertake an inquiry and report my recommendation to the Minister for Industry and Innovation and Minister for Science within 155 days of publication of the notice advising commencement of the inquiry (or such longer period as allowed in accordance with section 269ZHI of the Act).

If no application is received by 3 July 2026 the measures applying to the goods, exported to Australia from People's Republic of China, Republic of Korea (South Korea), Malaysia and Taiwan, will expire on 3 July 2027. Therefore, on and from **4 July 2027**, the measures would no longer apply.
