

Customs Tariff (Anti-Dumping) Act 1975

Strata steel bolts

Exported to Australia from the People's Republic of China

Notice pursuant to sections 10(3B) and 10(3D) of the *Customs Tariff (Anti-Dumping) Act 1975*

I, TIM AYRES, Minister for Industry and Innovation and Minister for Science, having decided to issue a notice pursuant to sections 269TJ(1) and 269TJ(2) of the *Customs Act 1901* (the Act) in respect of strata steel bolts described in that notice¹ (the goods), DIRECT, pursuant to section 10(3B) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim countervailing duty referred to in section 10(3A) of that Act in respect of strata steel bolts exported from the People's Republic of China to Australia be ascertained as a proportion of the export price of those particular goods.

Pursuant to section 10(3D) of the Dumping Duty Act I considered whether I was required to have regard to the desirability of fixing a lesser amount of duty, also known as the lesser duty rule. I am satisfied that under section 10(3DA) of the Dumping Duty Act, I am not required to have regard to the lesser duty rule because the normal value of the goods was not ascertained under section 269TAC(1) because of the operation of section 269TAC(2)(a)(ii).
