

KENSO

Together we grow

History

KENSO was established in 1974. From humble beginnings **KENSO** is now a vertically integrated agribusiness growth food, producing farm inputs for better crop production and food processing.

KENSO operates subsidiary business across Asia including Malaysia, Indonesia, Thailand, China, Myanmar, Vietnam, Australia, New Zealand and United States and is also a significant supplier of crop protection products to distributors across the globe.

Divisions

CHEMICAL &
FERTILISER

PROCESSING

Our Brands

KENSO Advantage

- Quality:** ISO 9001:2015 & GLP Certified Laboratory
- Experience:** 48 years experience in Agchem manufacture
- Data:** In house registration and chemistry teams
- Capability:** Modern automated production systems
- Confidence:** Stringent QA & QC systems

Our Services

- Registration and data support of numerous formulations.
- Production of EW, SC, SL, EC, WG, WP, CS, FS and organic fertilizers.
- Customized packaging and labelling.
- Bulk formulated product supply.

A Focus on Innovation & Quality

Whilst primarily involved in the off patent sector **KENSO** is a market leader in innovation and quality control.

Example include:

- Full **traceability** SCADA systems.
- Focus on **high active ingredient** formulation to reduce use of packaging and handling.
- Focus on **WG formulations** to reduce hard plastic packaging in the environment.
- Development of **EW formulations** to reduce reliance on solvents.
- **Unique combination** products to reduce double handling.

Regional Business Units

1. Kenso Malaysia (HQ)
2. Kenso Indonesia
3. Kenso Australia
4. Kenso Agcare Thailand
5. Kenso New Zealand
6. Kenso China
7. Kenso Myanmar
8. Kenso Vietnam
9. Kenso USA
