

COMMONWEALTH OF AUSTRALIA

Ministerial Exemption Instrument No 6 of 2026

Customs Tariff (Anti-Dumping) Act 1975

I, TIM AYRES, Minister for Industry and Innovation and Minister for Science, have considered and accepted the recommendations of the Commissioner of the Anti-Dumping Commission, the reasons for the recommendations, the material findings of fact on which the recommendations are based and the evidence relied on to support those findings in *Anti-Dumping Commission Report No EX0107* concerning certain hot rolled coil steel exported to Australia from the People's Republic of China.

Under sections 8(7)(a) and 10(8)(a) of the *Customs Tariff (Anti-Dumping) Act 1975*, I hereby exempt the goods described in Attachment 1 (the exemption goods) from:

- interim dumping duty and dumping duty and
- interim countervailing duty and countervailing duty

as I am satisfied that like or directly competitive goods are not offered for sale in Australia to all purchasers on equal terms under like conditions having regard to the custom and usage of trade.

The anti-dumping measures that would otherwise apply to the goods were imposed by public notices on 4 May 2026 following my consideration of *Anti-Dumping Commission Report No 658*.

This instrument takes effect from **19 January 2026**.¹ This instrument is subject to review and may be revoked.

Dated this 15th day of September 2026

TIM AYRES

Minister for Industry and Innovation and Minister for Science

¹ This date corresponding to the date the application for exemption was made.

Attachment 1

All goods meeting the description detailed below are eligible for an exemption from dumping duties and countervailing duties under *Ministerial Exemption Instrument No 6 of 2026*. Baoshan Iron & Steel Co Ltd, Baosteel Zhanjiang Iron & Steel Co Ltd and Shanghai Meishan Iron & Steel Co Ltd jointly applied for this exemption.

Hot rolled coil steel, in coil or sheet form, with or without patterns in relief, whether or not containing alloys, not clad, plated or coated (other than oil coated) and of a width equal to or greater than 1,580 mm.
