Notice pursuant to section 8 of the Customs Tariff (Anti-Dumping) Act 1975

I, KAREN LESLEY ANDREWS, Assistant Minister for Science and Parliamentary Secretary to the Minister for Industry, Innovation and Science, having decided to issue a notice pursuant to subsections 269TG(1) and 269TG(2) of the *Customs Act 1901* (the Customs Act) in respect of steel rod in coils described in that notice (the goods) exported to Australia from the People's Republic of China, DETERMINE, pursuant to subsection 8(5) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim dumping duty payable on those goods be worked out in accordance with the:

- *ad valorem* duty method as specified in subsection 5(7) of the *Customs Tariff (Anti-Dumping) Regulation 2013*.

Pursuant to subsection 8(5BAA) of the Dumping Duty Act, I have not had regard to the desirability of fixing a lesser amount of interim dumping duty, in light of the fact that the normal value of the goods was not ascertained under subsection 269TAC(1) of the Customs Act because of the operation of subsection 269TAC(2)(a)(ii) of the Customs Act.

In accordance with subsections 45(2), 45(3A)(b) and 269TN(2) of the Act, this notice applies to the goods and like goods entered for home consumption on and after 2 December 2015.

Dated this 21st day of April 2016
