The duty that has been determined is an amount worked out in accordance with the combination of fixed and variable duty method as detailed in the table below.

Particulars of the dumping margin established for all exporters generally and the effective rate of duty is set out in the following table.

<b>Exporter/country</b>	<b>Dumping Margin</b>	<b>Duty Method</b>
<i>All exporters - China</i>	<i>22.7%</i>	<i>Combination of fixed and variable duty method</i>
