

Customs Act 1901 – Part XVB

Anti-Dumping Notice No. 2018/56

Steel Rod in Coil

Exported to Australia from the People's Republic of China

Initiation of a Review of Anti-Dumping Measures

Notice under subsection 269ZC(4) of the Customs Act 1901

I, Dale Seymour, the Commissioner of the Anti-Dumping Commission (the Commissioner) have initiated a review of the anti-dumping measures applying to certain steel rod in coil (rod in coil or 'the goods') exported to Australia from the People's Republic of China (China). This review is limited to examining whether the variable factors, relevant to the taking of the anti-dumping measures as they affect exporters of the goods generally from China, should be varied.

The Goods

The goods subject to anti-dumping measures, in the form of a dumping duty notice are:

Hot rolled rods in coils of steel, whether or not containing alloys, that have maximum cross sections that are less than 14mm.

The goods covered include all steel rods meeting the above description regardless of the particular grade or alloy content.

Goods excluded from the measures are:

hot-rolled deformed steel reinforcing bar in coil form, commonly identified as rebar or debar, and stainless steel in coils.

Tariff classification

Goods identified as rod in coil, as described above, are classified to the following tariff subheadings in schedule 3 to the *Customs Tariff Act 1995*:

- 7213.91.00 (statistical code 44);
- 7227.90.90 (statistical code 02); and
- 7227.90.90 (statistical code 42).

Background to the measures

The anti-dumping measures were initially imposed by public notice on 22 April 2016 by the then Parliamentary Secretary to the Minister for Industry (the then Parliamentary Secretary) following consideration of *Anti-Dumping Commission Report No. 301*. The anti-dumping measures are applicable to all exporters from China.

The current review

An application was lodged by Liberty OneSteel (Newcastle) Pty Ltd under subsection 269ZA(1) of the *Customs Act 1901* (the Act) for a review of the dumping duty notice in relation to the goods exported to Australia from China.

Particulars of the reasons for the decision to undertake this review are set out in *Anti-Dumping Commission Consideration Report No. 468*, which has been placed on the public record.

The review period is 1 April 2017 to 31 March 2018 and covers all exporters of the goods from China. The review will examine whether the variable factors relevant to the taking of the measures have changed.

After concluding the review, I will recommend to the Assistant Minister for Science, Jobs and Innovation (Assistant Minister)¹ that the dumping duty notice:

- i. remain unaltered; or
- ii. have effect as if different variable factors had been ascertained.

If an affected party considers that it can provide evidence that may satisfy me that there are reasonable grounds for determining that anti-dumping measures are no longer warranted, that party may lodge an application² no later than 10 May 2018, to request that I consider that evidence to extend a review of anti-dumping measures to include revocation.

Future Reviews

Under subsection 269ZA(2) of the Act, an application for a review must not be made earlier than 12 months after the publication of the notice implementing the original measure or the notice declaring the outcome of the last review. Once a notice declaring the outcome of this review is published (regardless of the outcome), an application for a review of measures in relation to the dumping duty notice that is the subject of this review cannot be made for a period of 12 months.

Public Record

A public record must be maintained for each review. The public record must contain, among other things, a copy of all submissions from interested parties.

¹ On 20 December 2017, the Prime Minister appointed the Parliamentary Secretary to the Minister for Jobs and Innovation as the Assistant Minister for Science, Jobs and Innovation. For the purposes of this review, the relevant decision maker is the Assistant Minister for Science, Jobs and Innovation.

² In accordance with section 269ZCB of the Act.

Documents included in the public record may be examined at the Anti-Dumping Commission's (the Commission) office by contacting the case manager on the details provided below. Alternatively, the public record is available at www.adcommission.gov.au

Lodgment of submissions

Interested parties, as defined by subsection 269T(1) of the Act, are invited to lodge written submissions concerning this review, no later than 10 May 2018, addressed to:

The Director
Investigations 2
GPO Box 2013
Canberra ACT 2601

or email investigations2@adcommission.gov.au, or fax to +61 3 8539 2499.

Interested parties wishing to participate in the review must ensure that submissions are lodged promptly. Interested parties should note that I am not obliged to have regard to a submission received by the Commission after the date mentioned above if to do so would, in my opinion, prevent the timely placement of the statement of essential facts (SEF) on the public record.

Interested parties claiming that information contained in their submission is confidential, or that the publication of the information would adversely affect their business or commercial interests, must:

- (i) provide a summary containing sufficient detail to allow a reasonable understanding of the substance of the information that does not breach that confidentiality or adversely affect those interests, or
- (ii) satisfy me that there is no way such a summary can be given to allow a reasonable understanding of the substance of the information.

Submissions containing confidential information must be clearly marked "FOR OFFICIAL USE ONLY".

Interested parties making submissions must also provide a non-confidential version for public record (clearly marked "PUBLIC RECORD").

Statement of Essential Facts

The dates specified in this notice for lodging submissions must be observed to enable me to report to the Assistant Minister within the legislative timeframe. A SEF will be placed on the public record by 22 July 2018³, or by such later date as allowed in accordance with section 269ZHI of the Act.⁴ The SEF will set out the essential facts on which I propose to base a recommendation to the Assistant Minister. Interested parties are invited to lodge submissions in response to the SEF within 20 days of the SEF being placed on the public record.

Report to the Assistant Minister

Submissions received in response to the SEF will be taken into account in preparing the report and recommendation to the Assistant Minister. A recommendation to the Assistant Minister will be made in a report on or before 5 September 2018 (or such later date as allowed).
