**NOTE FOR FILE  
MEETING WITH REPRESENTATIVES FROM GLENCORE**

**29 NOVEMBER 2018**

Representatives from Glencore met with the Anti-Dumping Commission (Commission) to discuss its request for tender and ammonium nitrate procurement process that commenced in 2017.

The following matters were discussed at the meeting:

- the factors that the Commission takes into consideration during a dumping investigation, including how the Commission determines whether or not goods are dumped, and how it assesses injury to the Australian industry producing like goods;
- the ammonium nitrate market in Australia; and
- factors taken into consideration by Glencore in its ammonium nitrate procurement decision making and the importance of ammonium nitrate, a consumable, to Glencore's business.
