

ANTI-DUMPING NOTICE NO. 2018/117

Certain Grinding Balls

Exported to Australia from the People's Republic of China

**Findings in Relation to an Accelerated Review of
Anti-Dumping Measures**

***Notice under subsection 269ZG(3)(b) of the Customs Act 1901
and subsection 8(5) of the Customs Tariff (Anti-Dumping) Act 1975***

The Commissioner of the Anti-Dumping Commission has completed an accelerated review, which commenced on 11 April 2018, of the anti-dumping measures, in the form of a dumping duty notice and countervailing duty notice (the notices), applying to certain grinding balls (the goods) exported to Australia from the People's Republic of China (China).

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in *Anti-Dumping Commission Report No. 476 (REP 476)*.

I, ZED SESELJA, the Assistant Minister for Science, Jobs and Innovation (Assistant Minister)¹ have considered REP 476 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts or law set out in REP 476.

Under subsection 269ZG(3)(b) of the *Customs Act 1901* (the Act), I declare that, with effect from 11 April 2018, the Act and the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act) have effect as if the original dumping duty notice and countervailing duty notice had applied to the applicant, but different variable factors relevant to the determination of duty had been specified.

I, ZED SESELJA, the Assistant Minister, determine, pursuant to subsection 8(5) of the Dumping Duty Act, that the interim dumping duty (IDD) payable on the goods exported to Australia from China by Sanfang is an amount worked out in accordance with the floor price duty method as set out in subsection 5(4) of the *Customs Tariff (Anti-Dumping Regulation 2013*, with effect from 11 April 2018.

¹ On 20 December 2017, the Prime Minister appointed the Assistant Minister for Science, Jobs and Innovation. For the purposes of this decision the Minister is the Assistant Minister for Science, Jobs and Innovation.

The IDD that has been determined is an amount worked out in accordance with the floor price duty method as detailed in the table below.

Exporter	Dumping Margin	Subsidy Margin	Fixed rate of combined interim countervailing duty and interim dumping duty	Duty Method
Anhui Sanfang New Material Technology Co., Ltd	0%	0 %	0%	Floor price duty method

IDD will be payable on the goods exported by Sanfang only when the actual export price is below the ascertained normal value which is a specified (confidential) amount per tonne (the confidential tables to this notice refer).

The actual duty liability may be higher than the effective rate of duty due to a number of factors. Affected parties should contact the Anti-Dumping Commission (the Commission) on 13 28 46 or at clientsupport@adcommission.gov.au for further information regarding the actual duty liability calculation in their particular circumstance.

REP 476 has been placed on the Commission's public record. The public record may be examined at www.adcommission.gov.au. Alternatively, the public record may be examined at the Commission's office during business hours by contacting the case manager on the details provided below.

Enquiries about this notice may be directed to the case manager on telephone number +61 3 8539 2447, fax number +61 3 8539 2499 (outside Australia) or email investigations3@adcommission.gov.au.

Dated this 16th day of August 2018.

ZED SESELJA
Assistant Minister for Science, Jobs and Innovation
