- Guangdong Jinxi Cheng Al Manufacturing Co., Ltd.
- Guangdong Zhongya Aluminium Company Ltd.
- Tai Shan City Kam Kiu Aluminium Extrusions Co., Ltd.

The non-confidential version of the full exporter questionnaire responses will be placed on the public record, unless it contains deficiencies that could be quickly and easily rectified in a further response, in which case a reasonable timeframe will be provided to rectify the deficiencies<sup>1</sup>, then placed on the public record after the deficiencies have been rectified.

#### Extensions of time

The Commission has received requests for extensions of time to submit an exporter questionnaire from certain exporters and due consideration has been given to the extension requests<sup>2</sup>.

When considering the extension request, the *Customs (Extensions of Time and Non-Cooperation) Direction 2015* requires the Commissioner to:

- take into account the responsibility to conduct the case in a timely and efficient manner;
- reject a request for an extension if the request has not been made before the due date; and
- consider the reasons provided for the extension, having regard to:
  - the reasons why it could not provide its response within the whole period and not only the period remaining between the request and the due date;

<sup>1</sup> Section 6 of the *Customs (Extensions of Time and Non-Cooperation) Direction 2015*

<sup>2</sup> This is consistent with Article 6.1.1 of the Anti-Dumping Agreement.

The Commission has advised these entities of the requirement to ensure a reasonably complete and accurate questionnaire is submitted by the revised due date.

Once the Commission receives the responses to the exporter questionnaire from the above exporters, the non-confidential version will be placed on the public record, unless it contains deficiencies that could be quickly and easily rectified in a further response, in which case a reasonable timeframe will be provided to rectify the deficiencies<sup>3</sup>, then placed on the public record after the deficiencies have been rectified.

### Verification of responses to the exporter questionnaire

The Commission will seek to verify the financial data provided by selected exporters in the responses to the exporter questionnaires and has invited members of the Australian industry to a pre-verification meeting.

Any oral information given to the Commission in a pre-verification meeting will not be taken into account unless it is subsequently put in writing and made available as part of the public record.<sup>4</sup>

In addition, any information provided to the Commission in a pre-verification meeting may be disregarded unless a non-confidential summary containing sufficient detail to allow a reasonable understanding of the substance of the information for inclusion in the public record.<sup>5</sup>

<sup>4</sup> Section 269ZJ(4) of the *Customs Act 1901* (the Act)

### Verification of responses to the exporter questionnaire

The Commission will seek to verify the financial data provided by non-selected exporters after assessing whether extending the review to these exporters is likely to prevent the timely completion of the review. In assessing this, the Commission will consider the level of cooperation from the selected exporters, the number of exporters seeking individual examination and the available resources within the Commission to undertake on-site or remote verification. The Commission has not invited members of the Australian industry to a pre-verification meeting at this time.
