Dear Ms Baynham,

This submission is lodged on behalf of Fujian Minfa Aluminium Inc (Minfa) in response to Capral Aluminium's submission of 8 October 2018 in regards to Investigation No. 482 – Aluminium extrusions exported from P R China.

While Minfa understand this submission is aimed at all Chinese aluminium extrusion exporters, Minfa's individual comments are as follows:

The fluctuation of the USD exchange rate do have an impact on the product cost

Minfa's production capacity and efficiency is much higher when compared to other Chinese Aluminium producers, therefore Minfa's unit cost is now more competitive than it was in previous years.

As Minfa as a Listed company, it's Financial costs are lower than other same industry companies in China.

Yours Sincerely

John McDermott
