Dear Director

Review 482—Aluminium Extrusions exported from the People's Republic of China

We refer to the Anti-Dumping Commission's Review of Anti-Dumping Measures in relation to certain aluminium extrusions exported from the People's Republic of China (Review 482).

As you know, Zhong Lun and Corrs Chambers Westgarth act for Tai Shan City Kam Kiu Aluminium Extrusion Co., Ltd (**KAE**), Kam Kiu Aluminium Products Sdn. Bhd, Kam Kiu (Hong Kong) Limited, and Kam Kiu (Australia) Pty Ltd (together, "**Kam Kiu**").

On 18 February 2019 we made submissions on behalf of Kam Kiu in response to the Verification Team's Exporter Verification Report in relation to KAE, which had been published on 21 January 2019.

On 22 February 2019 the Commission published its Statement of Essential Facts (**SEF**). From our review of the SEF it does not appear that the Commission had the opportunity to take our submissions of 18 February 2019 into account in the preparation of the SEF.

The purpose of this letter is to confirm that Kam Kiu continues to press each of the matters raised in the submissions of 18 February 2019, and that it does so in response to the SEF. Kam Kiu respectfully requests that the Commission now consider those submissions, and make appropriate adjustments to the normal value and dumping margin ascertained for KAE in accordance with those submissions.

A copy of our submissions is **attached** again to this letter, both as a confidential version (which contains two confidential annexures), and as a copy for the public record (in which the two confidential annexures have been omitted).
