### **Initiation of a Review of Anti-Dumping Measures**

***Notice under subsection 269ZC(4) of the Customs Act 1901***

I, Dale Seymour, the Commissioner of the Anti-Dumping Commission (the Commissioner) have initiated a review of the anti-dumping measures applying to certain steel reinforcing bar (rebar or ‘the goods’) exported to Australia from the Republic of Korea (Korea) and Taiwan (with the exception of Power Steel Co. Ltd). This review is limited to examining whether the variable factors, relevant to the taking of the anti-dumping measures should be varied.

#### **The Goods**

The goods subject to anti-dumping measures, in the form of a dumping duty notice are:

- *Hot-rolled deformed steel reinforcing bar whether or not in coil form;*
- *Commonly identified as rebar or debar;*
- *In various diameters up to and including 50 millimetres;*
- *Containing indentations, ribs, grooves or other deformations produced during the rolling process; and*
- *Regardless of the particular grade or alloy content or coating.*

*Goods excluded from the measures are:*

- *Plain round bar;*
- *Stainless steel; and*
- *Reinforcing mesh.*

## **Tariff classification**

Goods identified as steel reinforcing bar, as described above, are classified to the following tariff subheadings in schedule 3 to the *Customs Tariff Act 1995*:

- 7213.10.00 statistical code 42;
- 7214.20.00 statistical code 47;
- 7227.90.10 statistical code 69;
- 7227.90.90 statistical code 01, 02 and 04;
- 7228.30.10 statistical code 70
- 7228.30.90 statistical code 40
- 7228.60.10 statistical code 72.

## **Background to the measures**

The anti-dumping measures were initially imposed by public notice on 19 November 2015 by the then Parliamentary Secretary to the Minister for Industry (the then Parliamentary Secretary) following consideration of *Anti-Dumping Commission Report No. 264*. The anti-dumping measures are applicable to all exporters from Korea, Singapore, Spain (except Nervacero S.A) and Taiwan (except Power Steel Co. Ltd).<sup>1</sup>

## **The current review**

There are two applications for review of variable factors that are relevant to this notice:

1. An application was lodged by DITH Australia Pty Ltd under subsection 269ZA(1) of the *Customs Act 1901* (the Act) for a review of the variable factors relevant to the taking of measures in relation to Daehan Steel Co. Ltd (Daehan) from Korea.
2. An application was lodged by Liberty OneSteel (Newcastle) Pty Ltd under subsection 269ZA(1) of the Act for a review of variable factors relevant to the taking of measures in relation to exporters from Korea and Taiwan (with the exception of Power Steel Co. Ltd).

Particulars of the reasons for the decision to undertake this review are set out in *Anti-Dumping Commission Consideration Reports Nos. 486 and 489*, respectively, which have been placed on the public record.

The review period is 1 July 2017 to 30 June 2018, being the 12 months ending with the most recently completed financial quarter immediately proceeding the receipt of the applications. The review will examine whether the variable factors relevant to the taking of the measures as they affect the relevant exporters of those goods to Australia have changed.

After concluding the review, I will recommend to the Assistant Minister for Science, Jobs and Innovation (Assistant Minister) that the dumping duty notice:

- i. remain unaltered; or
- ii. have effect as if different variable factors had been ascertained.

<sup>1</sup> Anti-Dumping Notice (ADN) No. 2015/133 refers. Anti-dumping measures were initially imposed on exports from Korea, Spain, Singapore and Taiwan (except Power Steel Co. Ltd). Following a review of the then Parliamentary Secretary's decision by the Anti-Dumping Review Panel (ADRP), the notice was amended to exclude exports by Nervacero S.A. ADRP Report No. 34 refers.

If an affected party considers that it can provide evidence that may satisfy me that there are reasonable grounds for determining that anti-dumping measures are no longer warranted, that party may lodge an application<sup>2</sup> no later than 7 September 2018, to request that I consider that evidence to extend a review of anti-dumping measures to include revocation.

### **Future Reviews**

Under subsection 269ZA(2) of the Act, an application for a review must not be made earlier than 12 months after the publication of the notice implementing the original measure or the notice declaring the outcome of the last review. Once a notice declaring the outcome of this review is published (regardless of the outcome), an application for a review of measures in relation to the dumping duty notice that is the subject of this review cannot be made for a period of 12 months.

### **Public Record**

A public record must be maintained for each review. The public record must contain, among other things, a copy of all submissions from interested parties.

Documents included in the public record may be examined at the Anti-Dumping Commission's (the Commission) office by contacting the case manager on the details provided below. Alternatively, the public record is available at [www.adcommission.gov.au](http://www.adcommission.gov.au)

### **Lodgment of submissions**

Interested parties wishing to participate in the review must ensure that submissions are lodged promptly. Interested parties should note that I am not obliged to have regard to a submission received by the Commission after the date mentioned above if to do so would, in my opinion, prevent the timely placement of the statement of essential facts (SEF) on the public record.

Interested parties claiming that information contained in their submission is confidential, or that the publication of the information would adversely affect their business or commercial interests, must:

- (i) provide a summary containing sufficient detail to allow a reasonable understanding of the substance of the information that does not breach that confidentiality or adversely affect those interests, or

---

<sup>2</sup> In accordance with section 269ZCB of the Act.

- (ii) satisfy me that there is no way such a summary can be given to allow a reasonable understanding of the substance of the information.

Submissions containing confidential information must be clearly marked "FOR OFFICIAL USE ONLY".

Interested parties making submissions must also provide a non-confidential version for public record (clearly marked "PUBLIC RECORD").

### **Statement of Essential Facts**

The dates specified in this notice for lodging submissions must be observed to enable me to report to the Assistant Minister within the legislative timeframe. A SEF will be placed on the public record by 19 November 2018, or by such later date as allowed in accordance with section 269ZHI of the Act.<sup>3</sup> The SEF will set out the essential facts on which I propose to base a recommendation to the Assistant Minister. Interested parties are invited to lodge submissions in response to the SEF within 20 days of the SEF being placed on the public record.

### **Report to the Assistant Minister**

Submissions received in response to the SEF will be taken into account in preparing the report and recommendation to the Assistant Minister. A recommendation to the Assistant Minister will be made in a report on or before 3 January 2019 (or such later date as allowed).
