ALLEGED DUMPING OF STEEL REINFORCING BAR EXPORTED FROM THE REPUBLIC OF TURKEY

Dear Director,

This submission is made on behalf of Diler Demir Celik Endustri ve Ticaret A.S. ("Diler"), in response to the Anti-Dumping Commission's ("the Commission") findings outlined in Statement of Essential Facts Report No. 495A ("SEF 495A").

It is noted that the Commission has established that Diler's exports of steel reinforcing bar to Australia during the investigation period were not dumped, with a negative dumping margin of -4.7% being determined. Diler supports and confirms that the Commission's dumping findings outlined in SEF 495A.

Given that 18 months has now passed since the initiation of the original investigation, Diler urges the Commission to terminate the investigation immediately.

Yours sincerely

John Bracic
