Impact of an all exporter review of measures

Where a review of measures applies to all exporters of the goods generally (that is, not a single exporter), the changes to the notice(s) that result from the review may apply to all relevant exporters of the goods, including past applicants for an accelerated review. Public Record

The public record will contain, among other things, a copy of the application, all submissions from interested parties and Commission reports.

At the time of making the application, the Commission requests both a confidential version (for official use only) and non-confidential version (public record) of the application be submitted. If you cannot provide a non-confidential version, contact the Commission's client support section for advice.
