ANTI-DUMPING NOTICE NO. 2019/113

Customs Act 1901 – Part XVB

Quenched and Tempered Steel Plate
Exported from Finland, Japan and Sweden

Findings of the Continuation Inquiry No. 506 into Anti-Dumping Measures

Notice under section 269ZH(1) of the Customs Act 19011 and section 8(5) of the Customs Tariff (Anti-Dumping) Act 1975

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed an inquiry, which commenced on 11 February 2019, concerning whether the continuation of the anti-dumping measures in the form of a dumping duty notice applying to quenched and tempered steel plate (the goods) exported to Australia from Finland, Japan and Sweden is justified.

Recommendations resulting from the inquiry completed by the Commissioner, reasons for the recommendations, and material findings of fact and law in relation to the inquiry are contained in Anti-Dumping Commission Report No. 506 (REP 506).

I, KAREN ANDREWS, the Minister for Industry, Science and Technology, have considered REP 506 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts and law therein.

Under section 269ZH(1)(b) of the Act, I declare that I have decided to secure the continuation of the anti-dumping measures currently applying to quenched and tempered steel plate exported to Australia from Finland, Japan and Sweden.

I determine that pursuant to section 269ZH(4)(a)(iii) of the Act, the notice continues in force after 5 November 2019, but after this day has effect as if different specified variable factors had been fixed in relation to all exporters generally.

In accordance with section 8(5BB) of the Customs Tariff (Anti-Dumping) Act 1975, and the Customs Tariff (Anti-Dumping) Regulation 2013 (the Regulation), the duty as that has been determined is an amount worked out in accordance as follows:

- with the combination of fixed and variable duty method pursuant to sections 5(2) and 5(3) of the Regulation as applied to all exporters from Finland
- with the ad valorem duty method pursuant to section 7 of the Regulation as applied to all exporters from Japan, and

---

1 All legislative references are to the Customs Act 1901 (the Act), unless otherwise specified.
• with the combination of fixed and variable duty method pursuant to sections 5(2) and 5(3) of the Regulation as applied to SSAB EMEA AB and all other exporters from Sweden.

Particulars of the dumping margins established for each of the exporters and the effective rates of duty are also set out in the following table.
