Meeting with Wilson Transformer Company Pty Ltd

On 23 October 2019, the Anti-Dumping Commission (the Commission) met with representatives from Wilson Transformer Company Pty Ltd (WTC) at the request of WTC to discuss the Statement of Essential Facts (SEF) published by the Commission on 17 October 2019.

At this meeting, WTC presented concerns about the preliminary findings contained within the SEF:

- Negative dumping margins
- Causation analysis

WTC advised the Commission that a submission would be made elaborating on these issues.
