

Customs Act 1901 – Part XV B

ANTI-DUMPING NOTICE NO. 2020/010

Power Transformers

Exported to Australia from the People's Republic of China

Termination of Investigation No. 507

Public notice under subsection 269TDA(15) of the Customs Act 1901

On 18 March 2019, I, Dale Seymour, the Commissioner of the Anti-Dumping Commission, initiated an investigation into the alleged dumping of power transformers (the goods) exported to Australia from the People's Republic of China (China), following an application lodged by Wilson Transformer Company Pty Ltd (WTC, the applicant) under section 269TB(1) of the *Customs Act 1901* (the Act)¹.

Public notice of my decision to not reject the application and to initiate the investigation was published on the Anti-Dumping Commission's (Commission) website on 18 March 2019. The Anti-Dumping Notice (ADN No. 2019/035) is available at www.industry.gov.au.

As a result of the Commission's investigation, I am satisfied that:

- there has been no dumping of the goods by ABB Chongqing Transformer Co., Ltd and Siemens Transformer (Jinan) Co., Ltd,. Therefore I must terminate the investigation in accordance with section 269TDA(1)(b)(i) in so far as it relates to these exporters;
- the dumping margins for ABB Zhongshan Transformer Co., Ltd and Siemens Transformer (Wuhan) Co., Ltd, worked out under section 269TACB, when expressed as the weighted average of export prices used to establish that dumping margin, was less than two per cent. Therefore, I must terminate the investigation in accordance with section 269TDA(1)(b)(ii), in so far as it relates to these exporters; and
- the injury to the Australian industry that has been caused by exports of the goods from China from all other exporters is negligible. Therefore, I must terminate the investigation as it relates to China in accordance with section 269TDA(13).

The effect of the above decisions is that Investigation No. 507 is terminated in its entirety.

In making the decisions to terminate, I have had regard to the application, submissions from interested parties, the *Anti-Dumping Commission Statement of Essential Facts*

¹ All legislative references in this report are to the *Customs Act 1901*, unless otherwise specified.

PUBLIC RECORD

No. 507 (SEF 507), submissions in response to SEF 507 and other relevant information as outlined in the *Anti-Dumping Commission Termination Report No. 507* (TER 507).

TER 507 sets out reasons for the termination decisions, including the material findings of fact or law upon which the decisions are based, and has been placed on the Commission's public record at www.industry.gov.au.

The applicant may request a review of the decisions to terminate the investigation by lodging an application with the Anti-Dumping Review Panel in the approved form and manner within 30 days of the publication of this notice.

Enquiries about this notice may be directed to the Case Manager on telephone number +61 3 8539 2437 or investigations3@adcommission.gov.au.
