

**Preliminary Reinvestigation Report
of certain findings in
Report No. 532
Hollow structural sections exported from
the Kingdom of Thailand**

File Note - Extension of time to provide a submission

On 30 June 2021, the Anti-Dumping Commission (the Commission) published a Preliminary Reinvestigation Report into certain findings in Report No. 532.

The Preliminary Reinvestigation Report invited interested parties to provide submissions on or before 14 July 2021.

The Commission received a request from Austube Mills Pty. Ltd. (ATM), a member of the Australian industry, for a longer period of time to provide a submission. The request was received before the due date for submissions.

An extension of seven days was granted.

ATM is now able to provide a submission on the findings in the Preliminary Reinvestigation Report on or before **21 July 2021**.
