Dear Mr Seymour

**Application for anti-dumping - Aluminium extrusions exported from China**

Extrusions Australia, is a manufacturer of aluminium extrusions with production facilities located in Truganina, Victoria. Extrusions Australia produces approximately 8,000 tonnes of aluminium extrusions in Australia annually.

Extrusions Australia understands that Aluminium Shapemakers Pty Ltd t/a "AluShapes" has made an application for anti-dumping measures against injurious exports of micro-extrusions from China. As a local Australian manufacturer of aluminium extrusions that is impacted by the imports from China, Extrusions Australia fully supports AluShapes' application for said anti-dumping measures.

Extrusions Australia understands that the Anti-Dumping Commission ("the Commission") may contact Extrusions Australia during an investigation into AluShapes' application. Extrusions Australia looks forward to assisting the Commission with its inquiries as required.
