Dear Mr Seymour

Application for anti-dumping - Aluminium extrusions exported from China

G.James Extrusion Co Pty Ltd ("G.James"), is a manufacturer of aluminium extrusions with production facilities located in Queensland and NSW. G.James produces approximately xxxx tonnes of aluminium extrusions in Australia annually.

G.James understands that Aluminium Shapemakers Pty Ltd t/a "AluShapes" has made an application for anti-dumping measures against injurious exports of micro-extrusions from China. As a local Australian manufacturer of aluminium extrusions that is impacted by the imports from China, G.James fully supports AluShapes' application for said anti-dumping measures.

G.James understands that the Anti-Dumping Commission ("the Commission") may contact G.James during an investigation into AluShapes' application. G.James looks forward to assisting the Commission with its inquiries as required.

If you have any questions concerning this letter, please do not hesitate to contact me on 3877 2333.

Yours sincerely

Mr Lewis Saragossi
