### For Public File

Dear Mr Seymour

#### Application for anti-dumping - Aluminium extrusions exported from China

Ullrich Aluminium, is a manufacturer of aluminium extrusions with production facilities located in Kurri Kurri, NSW. Ullrich Aluminium produces approximately 6500 tonnes of aluminium extrusions in Australia annually.

Ullrich Aluminium understands that Aluminium Shapemakers Pty Ltd t/a "AluShapes" has made an application for anti-dumping measures against injurious exports of micro-extrusions from China. As a local Australian manufacturer of aluminium extrusions that is impacted by the imports from China, Ullrich Aluminium fully supports AluShapes' application for said anti-dumping measures.

Ullrich Aluminium understands that the Anti-Dumping Commission ("the Commission") may contact Ullrich Aluminium during an investigation into AluShapes' application. Ullrich Aluminium looks forward to assisting the Commission with its inquiries as required.
