**ANTI-DUMPING NOTICE NO. 2021/037**

**Aluminium extrusions**

**Exported to Australia from Malaysia and  
the Socialist Republic of Vietnam**

**Findings in Relation to  
Review of Anti-Dumping Measures No. 544**

**Notice under subsection 269ZDB(1) of the *Customs Act 1901*<sup>1</sup>**

The Commissioner of the Anti-Dumping Commission has completed a review, which commenced on 24 February 2020, of the anti-dumping measures applying to aluminium extrusions (the goods) exported to Australia from Malaysia and the Socialist Republic of Vietnam (Vietnam).

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in *Anti-Dumping Commission Report No. 544 (REP 544)*.

I, CHRISTIAN PORTER, the Minister for Industry, Science, and Technology have considered REP 544 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts or law set out in REP 544.

Under section 269ZDB(1)(a)(iii) of the *Customs Act 1901* (the Act), I declare that, for the purposes of the Act and the *Customs Tariff (Anti-Dumping) Act 1975*, with effect from the date of publication of this notice:

- the dumping duty notice currently applying to the goods exported to Australia from Malaysia and Vietnam; and
- the countervailing duty notice currently applying to the goods exported to Australia from Malaysia;

are to be taken to have effect as if different variable factors had been fixed for exporters generally from Malaysia and Vietnam, relevant to the determination of duty.

The duty relevant to the dumping duty notice applying to Malaysia and Vietnam has been determined to be an amount worked out in accordance with the combination of fixed and variable duty method or the floor price duty method as detailed in Table 1 of this notice.

The duty relevant to the countervailing duty notice applying to Malaysia has been determined to be an amount worked out as a proportion of the export price.

Particulars of the dumping and subsidy margins established for each of the exporters and the effective rates of duty are set out at Table 1 below.
