exported to Australia from the People's Republic of China

Notice pursuant to sections 10(3A), 10(3B) and 10(3D) of the Customs Tariff (Anti-Dumping) Act 1975

I, ANGUS TAYLOR, the Acting Minister for Science, Industry and Technology, have signed and issued a notice pursuant to sections 269TJ(1) and 269TJ(2) of the *Customs Act 1901* (the Act) in respect of precision pipe and tube steel¹ (the goods) exported to Australia from the People's Republic of China (China). The notice does not apply to goods exported by Dalian Steelforce Hi-Tech Co., Ltd (Dalian Steelforce) and Yantai Aoxin International Trade Co., Ltd.

I DIRECT, pursuant to sections 10(3A) and 10(3B) of the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), that the interim countervailing duty in respect of the goods exported from China to Australia be ascertained as a proportion of the export price.

Pursuant to section 10(3D) of the Dumping Duty Act, I have had regard to the desirability of fixing the amount of interim countervailing duty such that the sum of:

- (i) the export price of goods of that kind, as ascertained; and
- (ii) that amount of the interim countervailing duty as so fixed; and
- (iii) the amount of interim dumping duty as so fixed;²

does not exceed the non-injurious price of goods of that kind as ascertained for the purposes of the notices. These amounts do not exceed the non-injurious price. Therefore, a lesser amount of duty has not been applied.

This notice applies to the goods and like goods entered for home consumption as per my declaration set out in Anti-Dumping Notice (ADN) No. 2021/110.

Dated this twenty-seventh day of September, 2021

ANGUS TAYLOR
Acting Minister for Science, Industry and Technology

¹ The particulars of the goods are further described and set out in ADN No. 2021/110.
