Dear Jasna,

Noted and thank you. The attachments form constituent components of the submission in question and there is a statutory obligation to place the submission on the public file. Whether the Commission elects not to place Financial Statements filed with ASIC by interested parties is, of course, a matter for it, but that does not affect the obligation to place submissions in their entirety on the public file.

If the letter referred to in your email is placed on the public file, this correspondence also should be placed on the public file.

Kind regards

Andrew Percival
