ANTI-DUMPING NOTICE NO. 2021/157

Investigation No 558

Aluminium zinc coated steel
of a width equal to or greater than 600 millimetres

Exported to Australia from
the Republic of Korea, Taiwan and
the Socialist Republic of Vietnam

Notice for longer period for the declaration of
the Minister for Industry, Energy and Emissions Reduction

Customs Act 1901 - Public notice under section 269TLA

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed the investigation into the alleged dumping of aluminium zinc coated steel of a width equal to or greater than 600 millimetres (the goods). The investigation concerns the goods exported to Australia from the Republic of Korea (ROK), Taiwan and the Socialist Republic of Vietnam (Vietnam).

Copies of the application and various submissions made in relation to the investigation are available on the Anti-Dumping Commission's website at www.adcommission.gov.au.

The Commissioner provided his final report and recommendations to me on 15 November 2021. Section 269TLA(2)(a) of the *Customs Act 1901* (the Act) requires me to make my declaration on the outcome of this inquiry within 30 days after receiving the Commissioner's report. That is, by **15 December 2021**.

Where there are special circumstances that prevent me from making the declaration within that period, section 269TLA(2)(b) of the Act provides that the declaration may be within such longer period as I consider appropriate.

I consider there are special circumstances due to the complexity of the investigation and that it is appropriate under section 269TLA(2)(b) of the Act to extend the period for making my declaration for a further **9 days** to properly consider the Commissioner's final report and recommendations. This means my declaration must now be made by **24 December 2021**.

Handwritten signature of Angus Taylor in black ink.

THE HON ANGUS TAYLOR MP
Minister for Industry, Energy and Emissions Reduction

Dated this *15* day of December 2021
