# **ANTI-DUMPING NOTICE NO. 2021/022**

## **Ammonium Nitrate**

### **Exported to Australia from the Russian Federation**

### **Extension of time granted to issue the Statement of Essential Facts and the Final Report in relation to Continuation Inquiry No. 565**

*Customs Act 1901 – Part XVB*

On 20 August 2020, the Commissioner of the Anti-Dumping Commission (the Commissioner) published a notice announcing the initiation of an inquiry into whether the continuation of anti-dumping measures in respect of ammonium nitrate exported to Australia from the Russian Federation is justified.

A full description of the goods is available in that notice, Anti-Dumping Notice (ADN) No. 2020/093 (initiation notice). This ADN is available on the Anti-Dumping Commission's (Commission) website at [www.industry.gov.au](http://www.industry.gov.au).

The initiation notice advised that the statement of essential facts (SEF) would be placed on the public record on or before 8 December 2020. The SEF will set out the facts on which the Commissioner proposes to base his recommendations to the Minister for Industry, Science and Technology (the Minister) in relation to this investigation.

The initiation notice also advised that a recommendation to the Minister would be made in a final report on or before 22 January 2020.

The Commissioner previously approved my request for an extension to the time periods for publishing the SEF and providing the final report and recommendation to the Minister.<sup>1</sup> Due to delays in completing the remote Australian industry, importer and exporter verifications, and in order to fully consider issues raised by interested parties in this inquiry, I, Paul Sexton, General Manager, Investigations, requested a further extension to those time periods.<sup>2</sup>

<sup>2</sup> On 15 December 2016, the Commissioner delegated his powers and functions under section 269ZHI of the *Customs Act 1901* to the General Managers of the Anti-Dumping Commission. See ADN No. 2017/10 on the Commission's website for further information.

The Commissioner has, under section 269ZHI(3) of the *Customs Act 1901*,<sup>3</sup> approved my request for an extension.

The SEF will now be placed on the public record on or before **5 March 2021**. Interested parties are invited to make submissions to the Commissioner in response to the SEF within 20 days of the SEF being placed on the public record.

A recommendation to the Minister will now be made in a report due on or before **19 April 2021**.

The public record for this case is available at [www.adcommission.gov.au](http://www.adcommission.gov.au).
