## **ANTI-DUMPING NOTICE NO. 2022/017**

### **Clear float glass**

### **Exported to Australia from Malaysia and the United Arab Emirates**

### **Termination of Investigation No 582 in relation to Malaysia**

#### ***Public notice under section 269TDA(15) of the Customs Act 1901 (Cth)***

On 27 April 2021, I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission (commission), initiated an investigation into the alleged dumping of clear float glass (CFG, the goods) exported to Australia from Malaysia and the United Arab Emirates (UAE), and the alleged subsidisation of the goods exported to Australia from Malaysia.<sup>1</sup> The investigation was initiated following an application lodged by Oceania Glass Pty Ltd under section 269TB(1) of the *Customs Act 1901* (Cth) (the Act).

The commission published a public notice of my decision to initiate the investigation on the commission's website on 27 April 2021.

The ADN is available at [www.adcommission.gov.au](http://www.adcommission.gov.au)

As a result of the commission's investigation I am satisfied that:

- In relation to Xinyi Energy Smart (Malaysia) Sdn Bhd (Xinyi ESM), there has been no dumping of any of those goods the subject of the application. Therefore I have terminated the investigation in accordance with section 269TDA(1)(b)(i) of the Act, so far as it relates to Xinyi ESM.
- In relation to Xinyi ESM, there has been no receipt of a countervailable subsidy in respect of the goods the subject of the application. Therefore I have terminated the investigation in accordance with section 269TDA(2)(b)(i) of the Act, so far as it relates to Xinyi ESM.

---

<sup>1</sup> The commission will publish the findings and recommendations in relation to the UAE in a separate report. The commission will make this available on the public record at a later date.

- The total volume of dumped goods exported to Australia from Malaysia over a reasonable examination period from all Malaysian exporters is negligible. Therefore I have terminated the investigation so far as it relates to Malaysia, in accordance with section 269TDA(3) of the Act.
- The total volume of subsidised goods exported to Australia from Malaysia over a reasonable examination period from all Malaysian exporters is negligible. Therefore I have terminated the investigation, so far as it relates to Malaysia, in accordance with section 269TDA(7) of the Act.<sup>2</sup>

In making the above decisions to terminate the investigation, I have had regard to the application, submissions from interested parties, *Statement of Essential Facts No 582* (SEF 582) and submissions in response to SEF 582.

*Termination Report No 582*, which sets out the reasons for my decisions, including the material findings of fact or law upon which the decisions are based, has been placed on the commission's public record at [www.adcommission.gov.au](http://www.adcommission.gov.au)

The applicant may request a review of my decisions to terminate the investigation by lodging an application with the Anti-Dumping Review Panel in the approved form and manner within 30 days of the publication of this notice.
