Investigation No 583 into Alleged Dumping

**Preliminary Affirmative Determination No 583 (PAD 583)
and imposition of securities**

Public notice under section 269TD of the Customs Act 1901¹

On 2 June 2021, I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission (the Commissioner), initiated an investigation into the alleged dumping of A4 copy paper exported to Australia from the Republic of Indonesia (Indonesia) by Pt Pabrik Kertas Tjiwi Kimia Tbk (Tjiwi Kimia), following an application lodged by Paper Australia Pty Ltd.

A full description of the goods is available in Anti-Dumping Notice (ADN) No. 2021/072.²

My preliminary findings are set out in *Statement of Essential Facts No 583* (SEF 583), which is on the public record. Pursuant to section 269TD(1) of the *Customs Act 1901* (the Act),³ I am satisfied that there appears to be sufficient grounds for the publication of a dumping duty notice in respect of exports of the goods to Australia by Tjiwi Kimia from Indonesia. Consequently, I have made a preliminary affirmative determination (PAD) to that effect.

Having regard to the requirements of the Act and the preliminary findings in SEF 583, I am satisfied that the dumped goods exported by Tjiwi Kimia from Indonesia appear to have caused material injury to the Australian industry producing like goods. The following table outlines the preliminary analysis of dumping margins.

Country	Exporter	Dumping margin
Indonesia	Pt Pabrik Kertas Tjiwi Kimia Tbk	25.5%

¹ This is a public notice under section 269TD(4)(a) and 269TD(5) of the *Customs Act 1901* of the Commissioner's preliminary affirmative determination. It is also a public notice of the Commonwealth's decision to require and take securities.

² The notice is available on the public record at www.adcommission.gov.au.

³ All references in this notice to 'the Act' are references to the *Customs Act 1901*, unless specified otherwise.

Under paragraph 269TD(4)(b) of the Act, I am satisfied that it is necessary for the Commonwealth to require and take securities in order to prevent material injury occurring to the Australian industry while the investigation continues.

The Commonwealth will require and take securities under section 42 of the Act in respect of interim dumping duty that may become payable in respect of the goods exported from Indonesia by Tjiwi Kimia entered for home consumption on or after 28 July 2022.

The security that has been determined is an amount worked out in accordance with the combination of fixed and variable duty method. The preliminary findings in SEF 583 inform the effective rate of securities. Securities will be imposed at the rate specified below.

Country	Exporter	Effective rate of dumping securities	Duty Method
Indonesia	Pt Pabrik Kertas Tjiwi Kimia Tbk	25.5%	Combination of fixed and variable

The actual security liability may be higher than the effective rate of security due to a number of factors. Affected parties should contact business.gov.au on telephone 13 28 46 or +61 2 6213 6000 (outside Australia) for further information regarding the actual security liability calculation in their particular circumstance.

I must report to the Minister for Industry and Science (the Minister) with a final recommendation in relation to this investigation on or before 26 September 2022. The Minister will then decide whether to publish a dumping duty notice and, if relevant, the level of measures to be imposed.

Further, if dumped goods give rise to retrospective notices being imposed on the goods under section 269TN of the Act, the dumping duty notice will also include the duties to be imposed retrospectively.

Enquiries about this notice may be directed to the case manager on telephone number +61 3 8539 2418 or via email at: investigations1@adcommission.gov.au.
