

ANTI-DUMPING NOTICE NO. 2022/046

Customs Act 1901 (Cth) – Part XVB

Steel Reinforcing Bar

Exported to Australia from the Republic of Korea

Findings in relation to an Accelerated Review No. 600 of Anti-Dumping Measures

Public Notice under section 269ZG(3) of the *Customs Act 1901 (Cth)*

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed the accelerated review, which commenced on 18 February 2022, of the anti-dumping measure applying to certain steel reinforcing bar exported to Australia from the Republic of Korea (ROK) by Dongkuk Steel Mill Co., Ltd.

The Commissioner's recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are outlined in *Anti-Dumping Commission Report No. 600 (REP 600)*.

I have considered REP 600 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts and law set out in REP 600.

Under section 269ZG(3) of the *Customs Act 1901 (the Act)*, I declare that, with effect from 18 February 2022, the Act and the *Customs Tariff (Anti-Dumping) Act 1975 (the Dumping Duty Act)* have effect as if the original dumping duty notice had applied to the applicant but the then Parliamentary Secretary had specified different variable factors relevant to the determination of duty.

The duty that has been determined is an amount worked out in accordance with the floor price method, as detailed in the table below.

Exporter	Dumping margin	Effective rate of interim dumping duty	Duty Method
Dongkuk Steel Mill Co., Ltd.	-1.9%	0%	Floor price

REP 600 has been placed on the public record, available at www.adcommission.gov.au. The public record may also be examined at the Anti-Dumping Commission's office by contacting the case manager on the details provided below.

You may direct enquiries about this notice to the Case Manager by email to: investigations2@adcommission.gov.au.

Dated this 30 day of June 2022

ED HUSIC
Minister for Industry and Science
