*Customs Act 1901 – Part XVB*

## **Termination of Accelerated Review No. 607 Certain Aluminium Extrusions Exported from the People’s Republic of China Dashiqiao Hengyuan Aluminum Products Co., Ltd**

### **Introduction**

On 22 June 2022, I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission, published Anti-Dumping Notice No. 2022/055 notifying interested parties that I commenced an accelerated review.

This accelerated review concerned the anti-dumping measures applying to certain aluminium extrusions exported to Australia from the People’s Republic of China (China), in so far as they relate to a new exporter, Dashiqiao Hengyuan Aluminum Products Co., Ltd (the applicant).

### **Grounds for termination**

On 11 July 2022, the applicant requested in writing, that the application for the accelerated review be withdrawn. Following that notification, I am satisfied that the accelerated review may be terminated in accordance with section 269ZE(3)(a) of the *Customs Act 1901*. I have therefore terminated the review.

### **Effect of the termination of the accelerated review**

Termination of this accelerated review means that any securities required and taken in relation to the goods exported by the applicant and entered for home consumption from 1 June 2022<sup>1</sup> will now be converted to interim duties. The applicable rate of duty is the ‘all other exporters’ rate of interim dumping duty and countervailing duty applicable to China. Further details on the goods and existing measures are available on the Dumping Commodity Register on the Anti-Dumping Commission website, [www.adcommission.gov.au](http://www.adcommission.gov.au).

Termination of the accelerated review does not affect the applicant’s right to apply for another accelerated review.
