

ANTI-DUMPING NOTICE NO. 2014/52

Copy paper

Exported from the People's Republic of China

Further extension of time granted to report to the Parliamentary Secretary to the Minister for Industry

Customs Act 1901 – Part XVB

On 10 October 2013, the Anti-Dumping Commission (the Commission) published a notice announcing the initiation of an investigation into the alleged dumping of copy paper exported to Australia from the People's Republic of China.

A full description of the goods is available in Anti-Dumping Notice (ADN) No. 2013/79. This ADN is available on the internet at www.adcommission.gov.au.

The initiation notice advised that the statement of essential facts (SEF) for the investigation would be placed on the public record by 28 January 2014. In response to my request, the Parliamentary Secretary to the Minister for Industry (Parliamentary Secretary) approved, under section 269ZHI of the *Customs Act 1901*, an extension of time to publish the SEF to 14 March 2014 (ADN No. 2014/06). The due date for my report to the Parliamentary Secretary was extended to 28 April 2014.

On 28 April 2014, I advised interested parties (ADN No. 2014/37) that the Parliamentary Secretary had approved an extension of time of 60 days for me to provide my report and recommendations to him. I requested the extension as I considered some matters raised in response to the SEF warranted further investigation. However, the 60 day extension has proved inadequate for the Commission to complete its further investigations and allow interested parties an opportunity to respond to any additional findings.

In view of this I have requested and the Parliamentary Secretary has approved a further extension of time of 42 days for me to provide my report and recommendations to him. My report to the Parliamentary Secretary is now due by 8 August 2014.

Documents included in the public record are available at www.adcommission.gov.au. Alternatively, the public record may be examined at the Commission office by contacting the case manager on the details provided below.
