Subject: RE: Review 547 [SEC=UNCLASSIFIED]

Security Classification: UNCLASSIFIED

Dear Mr Arvind Gupta

Thank you for your e-mail.

I confirm your advice that your responses from the original investigation remain unchanged for the questions specified in your email and that you will not be providing any further responses to the questionnaire. The Commission has now placed the public record versions of the questionnaire responses on the public record.

I advise that the objection letters provided by Indah Kiat and Pindo Deli have been recorded as submissions to Review 547 and will be considered accordingly.

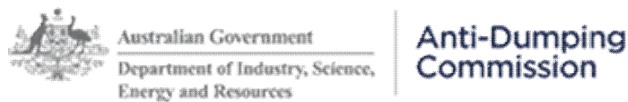

In relation to your query whether there is an easier way for the Minister (with or without the advice from the Commission) to implement the Panel's findings without reference to the 2019 review period, I advise that the Commission and the Minister are required to apply the legislative framework set out in Part XVB of the Customs Act 1901 (Cth) which, among other things, implements Australia's obligations under the Agreement on Implementation of Article VI of the GATT 1994. Review 547, conducted within this framework, will be in conformity with the WTO Panel's findings and is intended implement those findings.

Can you please confirm whether you are agreeable to having this e-mail, your e-mail of 5 May 2020 and the Commission's letters of 27 April 2020 being placed on the public record.

Regards

Tim King
