Subject: RE: Online Enquiry - VIC

Hi [REDACTED]
Unfortunately we are unable to offer 7005 product.
We specialise in 6000 series.
If we understood end use and application there may be some possibility to offer say a 6082 or 6351 grade which has higher corrosion resistance and strength properties. These grades are used in aluminium catamarans up to 100m long.
Thanks

Enquiry : As the new purchasing officer for Auswide Equipment P/L, I am looking to source Aluminium from Australian suppliers to manufacture our products. I am

enquiring as to whether Capral Aluminium is able to manufacture and supply 7005 series Aluminium within Australia.

Thanks
