

COMMONWEALTH OF AUSTRALIA

Ministerial Exemption Instrument No. 5 of 2021

Customs Tariff (Anti-Dumping) Act 1975 (Cth)

I, ANGUS TAYLOR, Minister for Industry, Energy and Emissions Reduction have considered and accepted the recommendations of the Commissioner of the Anti-Dumping Commission, the reasons for the recommendations, the material findings of fact on which the recommendations are based and the evidence relied on to support those findings in *Exemption Inquiry Report No. EX0081*. That report concerns certain aluminium extrusions exported to Australia from the People's Republic of China, Malaysia and the Socialist Republic of Vietnam.

Under sections 8(7)(a) and 10(8)(a) of the *Customs Tariff (Anti-Dumping) Act 1975*, I hereby exempt the goods described in Attachment 1 from:

- interim dumping duty and dumping duty, and
- interim countervailing duty and countervailing duty.

as I am satisfied that like or directly competitive goods are not offered for sale in Australia to all purchasers on equal terms under like conditions having regard to the custom and usage of trade.

This instrument takes effect from 26 February 2021. The instrument is subject to review and may be revoked.

Dated this 15th day of December 2021

ANGUS TAYLOR

Minister for Industry, Energy and Emissions Reduction

Attachment 1

All goods meeting the description detailed below are eligible for an exemption from interim dumping duties and dumping duties and interim countervailing duties and countervailing duties under *Ministerial Exemption Instrument No. 5 of 2021*.

Hollow aluminium extrusions of alloy AA 3003, with a profile or cross-section which fits within a circle having a diameter of less than 155 mm.
