

Australian Government
**Department of Industry,
Innovation and Science**

Customs Act 1901

Notice under section 269ZZM(4)

**Certain Zinc Coated (Galvanised) Steel Exported from the People's Republic of China,
Taiwan and the Republic of Korea**

**Certain Aluminium Zinc Coated Steel Exported from the People's Republic of China
and the Republic of Korea**

The Anti-Dumping Review Panel (ADRP) has completed a review of a decision by the Parliamentary Secretary to publish notices under s 269ZDB(1)(a)(iii) in respect of Certain Zinc Coated (Galvanised) Steel Exported from the People's Republic of China, Taiwan and the Republic of Korea, and Certain Aluminium Zinc Coated Steel Exported from the People's Republic of China and the Republic of Korea (the Reviewable Decision). The Reviewable Decisions were published on the Anti-Dumping Commission (ADC) website on 20 July 2017 ([ADN 2017/86](#) and [ADN 2017/87](#)).

An application for review was made by BlueScope Steel Limited. A copy of the application and the ADRP's report to me (ADRP Report No 66) is available on the ADRP website www.adreviewpanel.gov.au.

The ADRP has recommended that I affirm the Reviewable Decision.

I, CRAIG LAUNDY, Assistant Minister for Industry, Innovation and Science and Parliamentary Secretary to the Minister for Industry, Innovation and Science, have considered and accepted the recommendations, and reasons for the recommendations, made by the ADRP in ADRP Report No 66, including all material findings of fact or law as set out in ADRP Report No 66.

Therefore, in accordance with section 269ZZM(1) of the *Customs Act 1901* I **affirm** the reviewable decision.

Interested parties may seek a review of this decision by lodging an application with the Federal Court of Australia, in accordance with the requirements in the *Administrative Decisions (Judicial Review) Act 1977*, within 28 days of the publication of this notice.

Craig Laundy
Assistant Minister for Industry, Innovation and Science/Parliamentary Secretary to the
Minister for Industry, Innovation and Science
