Dear [REDACTED]

**Alloy Round Bar exported from the People's Republic of China ([ADN 2017/152](#))
Application by: OneSteel Manufacturing Pty Ltd (OneSteel)**

I refer to the application for review submitted by OneSteel in relation to the decision of the Commissioner to terminate part of Investigation 384 in respect of Alloy Round Bar exported from the People's Republic of China.

The application for review by OneSteel is currently being considered. However, I am aware that the Commissioner has proposed, in Statement of Essential Facts No. 384, to terminate Investigation 384 in accordance with s.269TDA(13) of the *Customs Act 1901* (the Act) on the ground of negligible injury. Given the effect which such a decision to terminate could have, I propose waiting for the outcome of the Commissioner's decision before making a decision on whether or not to initiate a review. I note that unless the investigation is terminated sooner, the report to the Parliamentary Secretary is due by 11 December 2017.

If the Commissioner does terminate Investigation 384, I intend to hold a conference under section 269ZZRA of the Act with yourself and the Commissioner's representatives.

If you wish to make further inquiries about this review you may email ADRP@industry.gov.au or telephone (02) 6276 1781.
