Notice under section 269ZZI

**Aluminium Zinc Coated Steel exported from the People's Republic of China and the Republic of Korea**

The Anti-Dumping Review Panel (ADRP) received an application from Jiangyin Zongcheng Steel Co., Ltd (Zongcheng) for review of a decision made by the Assistant Minister for Science, Jobs and Innovation (Assistant Minister) under subsection 269ZDB(1)(a)(iii) to vary the variable factors applying to Aluminium Zinc Coated Steel exported from the People's Republic of China and the Republic of Korea (the Reviewable Decision).

The Assistant Minister's decision was published on the Anti-Dumping Commission (ADC) website on 17 July 2018 ([ADN 2018/95](#)).

The ADRP is satisfied that the following ground is a reasonable ground for the Reviewable Decision not being the correct or preferable decision:

*The Minister erred in comparing normal values and export prices using quarterly time periods which distorted the dumping margin due to the significant fluctuation and volatility of costs and prices across the review period*

The goods to which the application relates are:

*Flat rolled products of iron and non-alloy steel of a width equal to or greater than 600mm, plated or coated with aluminium-zinc alloys, not painted whether or not including resin coating*

*The amount of aluminium zinc coating on the steel is described as its coating mass and is nominated in g/m<sup>2</sup> with the prefix being AZ (Aluminium Zinc). Common coating masses used are: AZ200, AZ150, AZ100, and AZ70.*

*Excluded goods:*

*Painted aluminium zinc coated steel, pre-painted aluminium zinc coated steel and corrugated aluminium zinc coated steel are not covered by the measures.*

The ADRP proposes to conduct a review of the decision.
