CANBERRA CITY ACT 2601

Dear Ms Fitzhenry,

ADRP Review No 100 – Wind Towers exported from the People’s Republic of China and the Republic of Korea (Case 487)

The reinvestigation report in relation to Anti-Dumping Review Panel (ADRP) Review No. 100 of wind towers was initially due to the ADRP by Monday, 2 September 2019. As you are aware, the Commissioner was provided with an initial timeframe of 60 days to conduct a reinvestigation of certain findings and report to the ADRP as required. The Commissioner sought, and was granted, two subsequent extensions of time totalling 155 days to provide the reinvestigation report to the ADRP. The reinvestigation report is currently due to be provided to the ADRP by Tuesday 4 February 2020.

I request a further extension of 30 days to Thursday 5 March 2020, to provide this report to the ADRP. I request this third extension on the following grounds:

- The issues raised in the reinvestigation request and submissions to the preliminary reinvestigation report are complex and require detailed analysis to establish the appropriate normal value, and;
- To allow an opportunity to sufficiently address the submission received in response to the second preliminary reinvestigation report.

Please contact the case Director at adc.gav@adcommission.gov.au directly, should you require any clarification.

Yours sincerely
