Dear Commissioner,

**ADRP Review No. 107 Ammonium Nitrate exported from the People's Republic of China,  
Sweden and the Kingdom of Thailand**

I refer to Anti-Dumping Review Panel (ADRP) Review No. 107 concerning Ammonium Nitrate exported from the People's Republic of China, Sweden and the Kingdom of Thailand (ADN 2019/57). As you are aware, I am conducting the review.

On 19 November 2019, I required a reinvestigation of certain findings in Report No. 473 pursuant to section 269ZZL of the *Customs Act 1901*. I requested that you report the results of the reinvestigation by 17 February 2020. Following your letter of 13 February 2020 requesting an extension of 50 days, I subsequently agreed to extend the timeframe for delivery of the reinvestigation report to 3 April 2020, being a lesser extension than requested. I note that at that stage I was unable to approve the full extension requested.

In consideration of the impact of the ongoing COVID-19 pandemic and your letter of 13 February 2020 requesting a longer period for the reinvestigation, I've decided to specify a new date that I require you to report the result of the reinvestigation.

I hereby extend the period of time by 15 days. The reinvestigation report should now be provided by **Monday, 20 April 2020**.

Yours sincerely,
